N.B. Some of the juniors are shooting longer distances than required. Although GNAS have altered some of the junior categories for national records, we will adhere to the distances as set out in the invitation letter that I sent out in March, unless the junior wishes to shoot the longer distance. Shooting the longer distance still makes them eligible for the junior team. Shooting a shorter distance excludes them from the junior team but still makes them eligible for the handicap team.

\* Could the league contacts please print the names on the results sheets.

\*\* Archers please keep your handicaps up to date.
