Submission of Claims for County Records

The following information is current practice and is given to assist archers and Club Record Officers in the submission of claims.

Claiming Records

The onus is on the archer to notify the County Record Officer of any claims they wish to submit.

All claims must reach the County Record Officer within SIX months of the date shot accompanied by a completed DCAA Record Claim form.

Records may be achieved at any tournament or Club Target Day where the GNAS Rules of Shooting are observed.

At a Club Target Day, the round must have been scored and witnessed by another archer, Senior or Junior, shooting the round with the claimant.

The original score sheet, photocopy or electronic mail copy, shall be endorsed by a club officer 'Shot on a club target day under the GNAS rules of shooting', and signed by the officer, the witnessing archer, and the archer claiming the record. If the archer or witness are club officers, another officer of the club must endorse the claim.

When shot at a tournament, the claim must be accompanied by the official results sheet, or the score sheet endorsed by the tournament organiser as above.

Juniors must always state their age at the date of the shoot.

Compound, Barebow and Longbow Records

DCAA have followed GNAS practice to establish realistic records where none presently exist, and the criteria are as follows:-

Compound	Ladies 75% of recurve record. Gents 80% of recurve record
Barebow	Ladies 75% of recurve record. Gents 80% of recurve record
Longbow	Ladies 30% of recurve record. Gents 40% of recurve record, except 100yd./90m rounds which shall be 30%

Junior Records

DCAA have adopted the GNAS method which simplifies the record system. This means that it is only possible to claim records shown in the list overleaf.
